

*2018 Dragonfly
Cabernet Sauvignon Merlot*

89 points, Campbell Mattinson

Cabernet blend from Geographe in Western Australia.

It's good. Not great, but good. Very cabernet. A little streaky and stringy to close but well shaped and I guess you'd say well fruited. Peppermint and currants, dust and more dust. I like the shape of this, and the flavour profile, the finish is the only thing.
