FERGUSON VALLEY

2016 Gravel Pit Shiraz

Estate grown from the spectacular hillside vineyard in the Ferguson Valley of the Geographe wine region, fruit is sourced predominately from the Gravel Pit block which was planted in 1998.

As the name suggests, the vineyard block had been used previously to excavate gravel to construct the roads within the hills of the Ferguson Valley. Soil is typically a deep layer of ironstone gravelly loam.

A style which exudes vibrancy, juicy and spicy character, matched to a full flavoured and complex palate.
